Covid – 19

This statement is for our customers and our supply chain.

A Oaten (Plant Hire) Ltd are following the strict Government's guidelines on COVID-19, and we are committed to meeting the industry's Plant Hire and Haulage service demands.

We are focussing our efforts on the health & safety of our people, and our customers during this time.

We have implemented and are continuing to review our contingency measures to reduce the risk to our staff, customers and others connected to our business, to ensure we continue to deliver our services to the industry.

Our contingency measures include:

- Avoiding face-to-face visits with customers at our office or on site
- Use telephone conferencing where possible
- Stopping all unnecessary site visits
- Stopping all unnecessary Depot travel
- Displaying posters about personal hygiene and social distancing in our office premises
- Dispensing hand sanitiser and anti-bacterial hand wash at entry and exit points of our Depot and offices
- Sanitising surfaces regularly
- Sanitising plant & vehicle cabins
- Using contactless and digital processes only
- Monitoring official sources regularly

We would like to take a moment to admire the dedication and resilience of our workforce in this challenging time. It's thanks to our people that we can and will continue to provide customers with excellent service to keep projects running.

Our team is ready to support you.

Don't hesitate to contact us:
